CHARITIES PAID

Receipts for charity donations are available for inspection at Zen Foto Gallery.

日本国際飢餓対策機構 Japan International Food for the Hungry
<http://www.jifh.org/>

¥700,000 30th March 2011

he only organization listed on the SEEDS Asia website (http://www.seedsasia.org/eng/sit_5.pdf) operating in Fukushima Prefecture. Many organizations are listed as operating in Miyagi and Iwate, which is wonderful, but it is harder to send volunteers to areas more likely to be threatened by radiation and therefore their need seems urgent.

チャイルド・ファンド・ジャパン Child Fund Japan

<http://www.childfund.or.jp/?p=2023>

¥700,000 30th March 2011

Child Fund are focusing on Minami Soma city, just 30km from the nuclear power station. Needless to say this area must be suffering not only from the devastation of the tsunami but also from radiation fears and the likely scarcity of volunteers to venture so close to the nuclear plant sites.

プラン・ジャパン Plan Japan

<http://www.plan-japan.org/english/>

¥700,000 30th March 2011

Plan Japan focuses on the needs of children, many of whom have been separated from families for long periods or orphaned. Children are helped to recover from the traumatic events through creative and group activities.

¥50,000 to Clive French

Who is taking much needed supplies to Ishinomaki City and places further north which have not yet received any relief assistances.
